Forty-Two Here Win Scholarships

• FORTY-TWO WINNERS of 21 University scholarships ranging from \$40 to \$500 have been announced by Dean William L. Turner, chairman of the Committee on Scholarships.

Two honors totaling \$500 annually went to John Alan Russell, the A. Morehouse Scholarship and the William Walker Scholarship for an undergraduate student planning to enter the ministry. The \$500 Anna Bartsch Scholarship for an outstanding woman student in the School of Medicine went to Sarah Pamela Leech.

More names will be added to the preliminary list just released, Dean Turner said.

Winners of the Emma K. Carr scholarships, each from \$100 to \$400, to help male students in undergraduate and graduate studies are: Ulrich Buchmann, John Canfield, Edmund Crump, Edward Felegy, Harold Floyd, Gope Hingorani, Ward Hurlbert, Eugene Lambert, Lewis Meyers, Richard Sincoff and John Terauds.

Other Winners

One of the two Lula M. Shepard scholarships for students planning to enter the School of Government's Foreign Service Department and ranging from \$300 to \$450, went to John Duncan.

Nine scholarships from the \$2,500 Eugene and Agnes E. Meyer Scholarship Fund for children of persons employed in the public service, including the armed forces and judiciary, go to: Dulcey Brown, Paul Douglas, Annie McDonald, Walter Morgan, Kyra Mosel, Ann Murayama, William Riggsby, Otto Ulrich, Jr., and Elizabeth Weber.

Engineering Study Award

Four hundred dollars went to William Van Fleet who won the Maria M. Carter Scholarship for a student entering the engineering profession.

The American Pharmaceutical Education Scholarships of \$400 each for junior and senior students in the School of Pharmacy, were won by: Fredric Carter, Leonard DeMino, Donald Fisher and Patrick McGuire.

Joan Duke received the Daughters of the American Revolution Scholarship totaling \$350.

Lucille Anstine, holder of the Mary Lowell Stone Scholarship (See SCHOLARSHIPS, Page 10)

Three Editors Appoint Staff

• NEW HATCHET editors Barbara Stuart, Mary Louise Bishop and Bill Hix announced the sub-editorial staff for next year at last Tuesday's meeting.

Ernest Auerbach will be news editor with Linda Doane as associate; Carolyn Cronin will be features editor with Elva Schaeffer as associate; and Bobbie Holland will handle copy, assisted by Frances Bran.

Charlene McDonald will be proofreader; Mary Hoffman and Grace Zoda will be office managers. Miss Hoffman will be in charge of photographic, biographic and cut files and Miss Zoda will be responsible for the typing staff, the distribution of mail and keeping the office in order.

This summer the editors will conduct workshops in feature and news writing for staff members and for all those interested in working on the HATCHET in the Fall.

The sub-editors will also hold summer policy and planning meetings. Next year, as in the past, the Hatchet will hold its assignment meetings on Tuesday evenings at 7:30.

Debate Society Chooses Slate

• THE ENSONIAN Debating Society closed this year's debate season with the election of new officers: Anita Levin, president; Eugene Lambert, vice-president; and Sue Bregman, secretary-treasurer.

During the year the members of the society have represented the school in ten tournaments, compiling a record of 66 wins against 31 losses. Various teams have traveled to New York University, 5-3; University of Virginia, 3-3; John Hopkins, 4-2; William and Mary, 11-1, second place; Dartmouth, 7-5; West Virginia, 4-6; Brooklyn, 9-1, second place; Georgetown 12-20; regional tournament at St. Peter's College, 4-2; Fordham, 7-5, at which Richard Jamborski won the Persuasive Speaking Contest of the Eastern Forensic Tournament.

One final event, highlighting the debater's calendar is the Annual Debate Banquet, scheduled for Thursday, May 19, at the Good Earth Restaurant, sponsored jointly by the Ensonian Society and Delta Sigma Rho, honorary forensic fraternity. Dr. Osborn T. Smallwood, the director of debate activities at Howard University, will be guest speaker. Dr. Smallwood is a recent recipient of a Fulbright Award for teaching and study in Greece. Shortly before the banquet four members will be initiated into Delta Sigma Rho: Sue Bregman, Eugene Lambert, Herman Levy and Gordon Thatcher.

Groups Meet For Planning

• A JOINT WORKSHOP and picnic are among the plans of Old Men and Big Sis for the Fall Registration period.

These two organizations, whose purpose is to help new students become acquainted with the University, have decided to get together this fall before registration for an afternoon workshop. Following the workshop, the Old Men will bring their sons and the Big Sis their little sis to a picnic where they will be able to mix and meet both new and old students.

Big Sis is also planning to have its usual coffee hour, Tips and Tea for Top Notchers, Nose Bag Lunches and other orientation functions. Dates have not been set as yet for these programs. Also this year they are planning a more extensive follow-up program.

On Tuesday, September 20, from 2 to 3:30 p.m., Old Men will hold an Old Men Glad Hand Greeting. This will be a mixer for the new men students. The following day, Wednesday, from 6 to 8 p.m., they will hold the Celebrities Smoker. Present at this event will be notable men students and members of the faculty. The purpose is to help the new students meet and talk with important members of the University. Old Men is also planning luncheons similar to those held by Big Sis.

The executive boards of the two organizations determined to hold the joint picnic for the new students when the suggestion was made in the Spring Workshops held by the groups.

Advocate Administers Oath to President Barnard and Others; Old Council Completes Term

• MR. ROY BARNARD and the other members of the 1955-56 Student Council were sworn into office during the final meeting of the outgoing council last Wednesday night.

Preceding the installation ceremonies, Mr. Tom Brown, outgoing president, and Mr. Jim Rudin, outgoing member-at-large, both advised the new council to strive for unity and a better understanding of student requests. Mr. Rudin emphasized that the council is obligated to serve

not only the fraternity and sorority members, but also the thousands of "gray faces," the part-time and night students, whom the Council never get to know.

At 9:15 p.m., the Council Advocate, Mr. Jay Brown, administered the oath of office to the new Council members, and following the installation, Mr. Barnard and the other Council members took their places.

Other Officers

The other newly-elected officers are Norman Cohen, vice-president; Tony Shupe, advocate; Kathy Denver, comptroller; Betty Kolonia, secretary; Dick Sincoff, member-at-large; Joan Duke, activities director; Sally Ricci, program director.

Also, Bev Borden, freshman director; Sara Jane Miller, publicity director; Earl Smith, student union chairman; Dick Jamborski, Junior College representative; Rosa Wiener, Columbian College representative; Tore Haugeto, School of Government representative; Joe King, School of Education representative, and Larry Wiser, Law School representative.

Party Follows

Following the installation ceremonies, a party for both the incoming and the outgoing Councils was held at Woodhull House.

Colleges Plan Parts In Summer's Circus

• PLANS ARE being made for the University's fourth annual Summer Carnival which will highlight the social season of the summer session.

The student version of Barnum and Bailey's "Greatest Show on Earth" will be held on Lisner Terrace June 27 from 8 to 11:30 p.m. In case of rain, it will be held the following night.

The show is to be organized by members of each school and college under the direction of Miss Elizabeth C. Burtner, modern dance department Prof. Donald C. Kline, art department; and Miss Virginia Kirkbride, director of women's activities. Each school and college will produce ten-to-fifteen minute skits and will plan and manage a "side-show" booth.

The evening of the "Big Show" will officially begin when Dean B. H. Jarman, director of the summer sessions, welcomes those present. There will be square dancing on the Lisner Terrace from 8 to 9:15 p.m., and 10:30 to 11:30 p.m. At these times the side shows will also be open.

Parade Opens Show

A parade is to precede the Show. It will be based on the gala circus parade which goes through the main street of a town, announcing the arrival of the circus. The attention of the crowd will be focused primarily on the "Pageant of All Nations" to be composed of students from many nations wearing the costumes of their native countries. Every school and college will contribute two people to this section of the Show.

Following the parade, the skits will be presented on Lisner Terrace. Among them will be an aerialist act and a "Wild West Show." The spectators will then circle Lisner Yard and attend the various booths which will be situated on the lawn. Benches will encircle the yard for the use of the weary circus-goers.

Circus Food

To give the show a real circus atmosphere, cotton candy and pop

(See CIRCUS, page 8)

Mortar Board Meets at Study

• MORTAR BOARD held its annual Spring Study for new members of the University chapter last Sunday, at 2 p.m. in Strong Hall Lounge. New and old members worked together on a Silver Study held yesterday.

The purpose of the Spring Study, which is set up by the National Council of Mortar Board, is to acquaint the incoming chapter with the functions of Mortar Board. Mortar Board's program, both national and local, will be explained and each new officer will be given the details of her office.

The Spring Study was followed by a dinner at which Miss Virginia Kirkbride, director of women's activities, Miss Jean Buckley, her assistant, and the Mortar Board advisers were special guests.

The Silver Study, conducted by the Towle Silver Company, was held in Strong Hall Lounge. Each member arranged for several girls to attend for a four minute interview at which time she was shown a silver pattern and variations of that pattern and asked to comment on it.

This study is a part of a research project conducted by the Towle Silver Company at colleges and universities throughout the country. The study has been held at the University for ten years. Mortar Board, has adopted this method to make money to be used in the various projects which serve as the nucleus of the organization's work throughout the year. Selling sandwiches in Strong Hall has been another Mortar Board money-making project in recent years.

Annual Sales Reach Height

• CHERRY TREE sales soared to a 65 per cent increase over last year's sales with Students purchasing about 825 volumes as compared to last year's total sales of 500.

Both Betty Graham, editor of the Cherry Tree, and Nancy Wilson, who handled circulation, expressed their appreciation to all who helped make the book a success. A cursory consensus of student reaction to this semester's Cherry Tree revealed expressions of "wonderful," "well thought out," "the pictures were terrific," and "a swell job."

Miss Graham reported that it was difficult to explain the sharp rise in sales, although she suggested that the "Combo" was a great help.

International Student Group Meets, Elects

• ROSALIE ARNALD, past president of the International Student Society, was hostess to the Society at a luncheon at her home on Saturday, May 7.

Elections followed to round out a year filled with dances, teas and special events. Demetre Argyropoulos of Greece was elected president; Reina Gru of Colombia, vice president; Frances Haines of the U. S., secretary; Liliana Rossi of Italy, treasurer; Paul Spagnapani of Switzerland, historian; and Betty Krikorian of France, social chairman. Faculty sponsor to the Society is Professor Alen T. Delbert, adviser to Foreign Students.

International Food

The luncheon, international in character, included Mexican style spaghetti, Italian bread and

French pastry. Following the luncheon, the students listened to music and danced to Latin American rhythms.

Big Events

The highlights of the year for the Society were a Halloween party, with Society members dressed in their colorful national costumes, and the annual Soiree Musicale with students from many countries dancing and playing musical instruments.

Dinner Honors Students' Help To Intramurals

• A BANQUET will be held tomorrow night at Welling Hall in recognition of the student leaders who have assisted the members of the Physical Education Department during the year in carrying out the Intramural Program.

Representing the faculty will be Dr. Claude Jarmon, chairman of the faculty committee for intercollegiate athletics and director of the summer school; Professor Joseph Krupa, executive officer of the physical education department; Professor William Myers, assistant director; Professor Ray Hanken; and Professor Vincent DeAngelis, director of intramural athletics.

The students are members of the Intramural Athletic Council, representatives of all groups participating in intramural activities at the University. After the dinner, Dr. Jarmon will present trophies to the Council members, who in turn will present them to the winning members of their organizations.

Many school groups participated in the Intramural Activities sponsored by the University. In addition to social fraternities, professional fraternities, groups from the School of Government and many others take part.

The program is usually divided into leagues for the various sports.

Bulletin Board

ODK Initiates at Big Banquet; IFC Chooses 1956 Officers

• PRESIDENT Cloyd Heck Marvin spoke at the Omicron Delta Kappa banquet on Wednesday, May 11, at the Kennedy-Warren Hotel. The dinner was followed by the initiation of five new student members and one honorary member: Leon Salzberg, Samuel Mawhood, Gordon Thatcher, William Driscoll, Mathew Clary and Edwin Welke.

• THE INTERFRATERNITY Council has announced the election of the following officers for the coming year: Jack Crehore, Theta Delta Chi, president; Joe Allen, Delta Tau Delta, vice-president; Jerry Reinsdorf, Alpha Epsilon Pi, treasurer; Cecil Charles, Sigma Alpha Epsilon, secretary; Bob Olson, Sigma Phi Epsilon, social chairman and Jim Biller, Phi Sigma Kappa, publicity director.

• A FULBRIGHT SCHOLARSHIP has been awarded to Mr. Paul Chernuchin, University student. Mr. Chernuchin will soon leave for London, where he will study prison systems.

• THE UNIVERSITY CANCER Clinic has received a gift of \$400 from the Women's Auxiliary to the District of Columbia Dental Society.

• PROVINCE I of Zeta Tau Alpha held their first State Day on Saturday, May 14. The program included a coffee hour, a tour of Beta Alpha Chapter's rooms, a luncheon at the Kennedy-Warren and a skit for the entertainment

of the guests.

• THE RELIGIOUS COUNCIL announces the election of the following officers: president, Paul Hoffland; vice-president, Gretchen Arnold; secretary, Leon I. Salzberg; treasurer, Frank D. Brown. • SIGMA ALPHA EPSILON fraternity announces the election of the following officers for the fall term: president, Cecil Charles; vice-president, Al Swisher; secretary, Chris Catoe; treasurer, Warren Barley; pledge trainer, Jack Hotelling; social chairman, Jack Moore.

• TAU EPSILON PHI announces the election of the following officers: chancellor, Herbert Silver; vice-chancellor, Neil Fuhner; Burser, Lenny Shapiro; scribe Norm Merkler; historian, Jay Weiss.

• THE ART CLUB presented the new officers, Tilly Masesso, president, and Ed Turco, vice-president, at the final meeting of the year, a dinner held at the home of Prof. Donald G. Kline.

Student Wins With Speech

• RICHARD JAMBORSKY'S speech, "A Two-Party System in the South" recently won first place in the Phi Sigma Kappa Oratorical Contest and in the Persuasive Speaking Competition of the Eastern Forensic Association Contests.

"I feel that the Republican Party is the salvation of Georgia. A two-party system would eliminate much of the backwardness and narrowness associated with the South. I feel encouraged by the progress made in the last election," said Mr. Jamborsky, a freshman from Savannah, Georgia, holder of an Alumni Scholarship and recently elected Junior College Representative to the Student Council.

The Phi Sigma Kappa Oratorical Contest, held in April, was open to all freshman students wishing to enter the competition. Mr. Jamborsky's speech took first place; Stephanie Sills placed second, and Edward Felegy came in third. Professor Edwin L. Stevens, debate coach at the University, suggested that Mr. Jamborsky enter his winning speech in the Eastern Forensic Association Contests.

The freshman speaker took his advice and entered the speech in the Persuasive Speaking Division of the competition. He, along with several of his fellow debaters from the University, journeyed to Fordham University on April 29 and 30, where he gave the speech and again won first place.

The Eastern Forensic Contest is divided into three sections: a debating contest, a persuasive speaking contest and an extemporaneous speaking contest. The debating team was represented by Edward Felegy and Eugene Lambert, negative team, and Sue Bregman and Anita Levin, affirmative team.

What young people are doing at General Electric

Young scientist works on new ways to handle "hot" radioactive fuel

Whenever uranium is "burned" in an atomic reactor, certain valuable elements such as plutonium are left behind in the "ash."

These products are highly radioactive, but they must be recovered because of their great value to the atomic energy program.

This is the job of 31-year-old H. Ward Alter, Supervisor of the Separations Chemistry Unit at the AEC's Knolls Atomic Power Laboratory, which General Electric operates in Schenectady, N. Y.

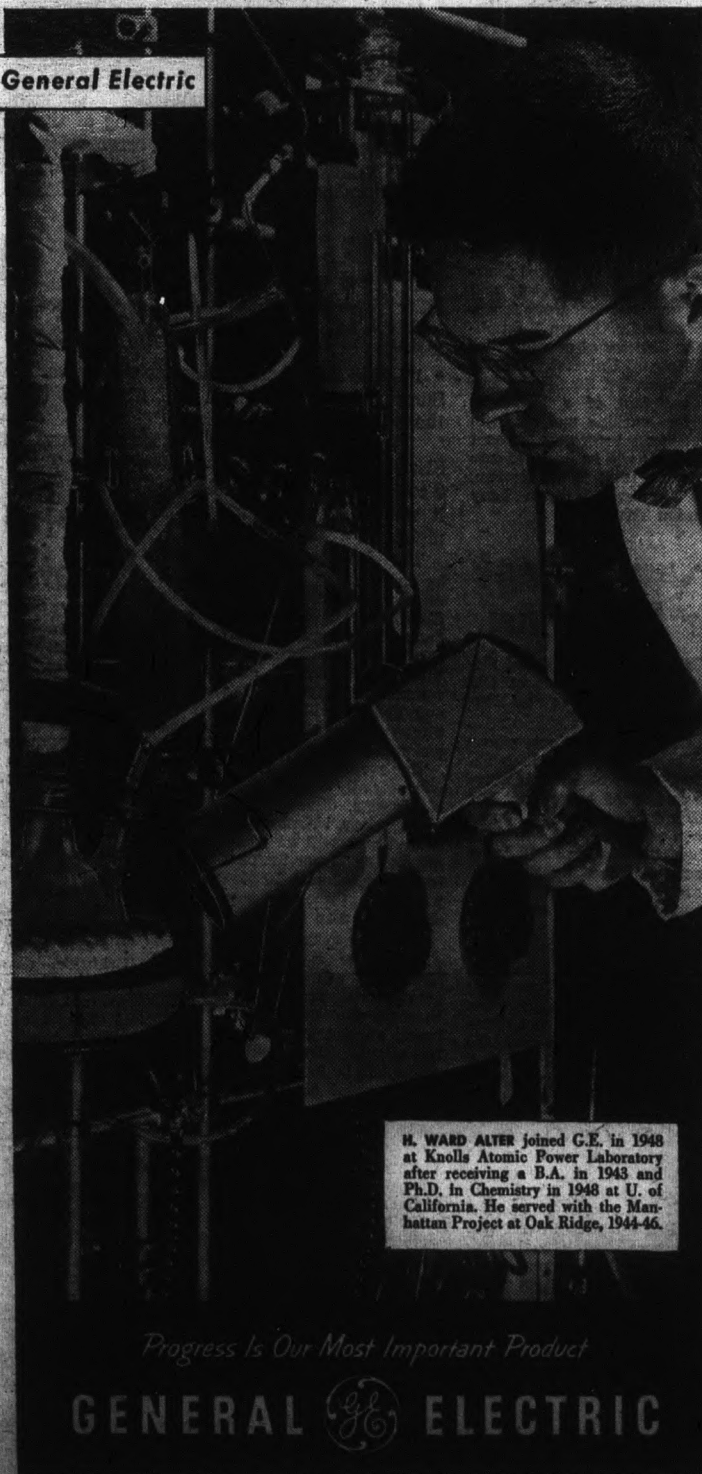

Alter's Work is Vital, Important

Alter is doing his job well. He has already received the Coffin Award, General Electric's highest honor, for developing an apparatus that makes possible faster, safer, and more efficient recovery of the valuable elements in the "ash."

The work done by Alter and his group helps lower costs, increase efficiency and expand our knowledge of the chemical processing of spent radioactive fuels.

25,000 College Graduates at General Electric

When Alter came to General Electric in 1948, he already knew the work he wanted to do. Like each of the 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: When fresh young minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

H. WARD ALTER joined G.E. in 1948 at Knolls Atomic Power Laboratory after receiving a B.A. in 1943 and Ph.D. in Chemistry in 1948 at U. of California. He served with the Manhattan Project at Oak Ridge, 1944-46.

Progress Is Our Most Important Product

School of Education Intensifies Programs

• THE UNIVERSITY School of Education will institute two intensive training programs during the coming year to prepare liberal arts graduates for the teaching profession.

Only one-half of the number of elementary school teachers needed by the country will be graduating from all teacher education institutions. The shortage of high school teachers is also reaching alarming proportions.

On June 13 the School of Education will begin to enroll graduate students with an AB degree seeking to qualify for an elementary teaching license in the fall of 1956. The summer program will include four courses on an intensive study basis. Students enrolled in these courses will continue through the fall and winter of next year. The courses offered during the fall and winter sessions will be Methods of Teaching, Art, Music, Physical Education, Child Literature, Language Arts, Science and Social Studies, and Observation and Practice Teaching.

By taking these courses, the student may qualify for a teaching license and at the same time acquire credits toward a Master of Arts degree, providing he has been admitted to Masters' Candidacy. An MA is an important factor for the future teacher to consider, for those entering teaching with this degree earn a salary ranging from \$200 to \$500 more than those not possessing one.

Liberal art students have the opportunity to enroll in the summer courses which gives them an earlier start in their effort to obtain an MA. A student who enrolls for the fall and winter program will be qualified for a science one year later than those enrolling for the summer courses.

According to Dean James H. Fox of the School of Education there are two major factors which those who are considering entering the profession should take into consideration: there is an expected nationwide shortage of teachers

Social Science Honor Society Lists Students

• PI GAMMA MU, the National Honor Society for the Social Sciences, has nominated 19 undergraduate students, 24 graduate students and four faculty members to its Beta Chapter, announced Dr. Wolfgang Krauss, faculty adviser.

All the students nominated are specializing in one of the social sciences and have shown a special aptitude in their chosen field.

The University Chapter of Pi Gamma Mu will conduct its initiation ceremonies at a meeting in Lisner Lounge on Friday, May 27, at 7:30 p.m.

The new undergraduate members are:

Political Science: James A. Adams, Margaret Reed, Leonard Weinglass; **Foreign Affairs:** Ian P. Campbell, Barbara S. Harvey, Betty J. Thomas.

Psychology: Isabel McGolrick, Sue Scott, Mrs. Ida Thau; **Economics:** Mrs. Charlene E. Semer; **Geography:** Mrs. Margaret W.

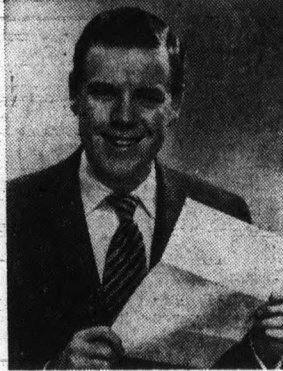

Emerson, Melvin R. Harris.

History: Mrs. Rachel M. Dach, Carroll McKelligott, Beale H. Ong, Douglas A. Pooley, Ann M. Reid, A. James Rudin, Deena R. Schorr.

The new graduate students are: **Political Science:** David Moore, Stanley Degler, James Rowe, Capt. Walter Murphy, R. D. Allbaugh; **Psychology:** Gay Fullerton, **Foreign Affairs:** Col. Harold G. McNeese, J. W. Hennessy, Paul.

(See HONORS, page 10)

Hank pounded pavements... Frank sent telegrams...

GUESS WHO GOT THE JOB!

You're right, Frank got it.*

You can play it smart, too. Send telegrams to set up job interviews, and get the jump on everybody (including Phil Bete).

A telegram makes your message stand out from the rest... gets attention from the man you want to reach. Shows him you're efficient, that you know time is valuable — his and yours.

Let Western Union help you with your prospecting. Go after that job BY WIRE.

Editorials

'Under the Axe'

• AND SO here we are at the end of another school year, and once again it becomes time for the editorial writer's delight, the "Under the Axe" issue. Here we are expected to assert our acquired cynicism and blast the living daylights out of any campus organization of which we faintly disapprove. The editors' prerogative, you know.

However, we have tried hard to avoid this very thing all year, and we do not expect to change now for the sake of tradition. Therefore, we hope you will accept as sincere the few assaults, minor and major, we may make in the following paragraphs.

But first a pat on the back for a man who stepped into a new administrative position this year and did a tremendous job. General Don Faith has won the friendship and respect of everyone he has met and he has met many as Director of Men's Activities.

Another successful group is one accoladed in an earlier issue of this newspaper, the Student Council. Working under what seems to have been a theme of "cooperation and student-faculty integration," this group accomplished more than any other council in recent years. Hats off to Tom Brown and Co., and success to the new Council.

As for the verbal attacks, here is one general lack at the University that will seemingly be with us for eternity. This would be a lack of school spirit, or in some cases, some badly misguided spirit. The oft-discussed and always-disgusting student apathy to University social, intellectual and athletic programs is not going to be alleviated any by whatever we could say here. But there is a strong ray of hope for the aforementioned group with misguided spirit. We refer to Gate and Key, the interfraternity honorary which up to now, unfortunately, has been little more than an airing grounds for petty fraternity feuds. It is a shame to see a group with such a fine potential of strengthening the fraternity system at the University waste its efforts in internal troubles. At nearly all other large colleges in the country, there exist groups similar to Gate and Key, and these are groups which have distinguished themselves through working with their interfraternity councils for the betterment of fraternities. Gate and Key has some outstanding thinkers and men of action in its ranks—it is to be hoped the organization will begin to use them properly in the near future.

Another point of issue, far more well known, has been next Fall's football schedule. The HATCHET has exhausted virtually every adjective in its vocabulary in attempting to help effect some sort of a change in the one (or two, depending on what you call College Park) game home season. To the credit of the athletic department, these men did approach the powers-that-be at Maryland University to attempt to have that game played at Griffith Stadium. They failed, and no other games could possibly be changed this Spring. We hope that future schedules will be a little less ambitious from a prestige angle and a financial viewpoint, and that in the years to come the students will be given that illusive "one more chance" to prove they will support athletics on a safe-and-sane level.

On the whole, the year has been a good one. And, more important, the outlook is bright. With Campus Combo and increased faculty interest lending a big boost, there is much reason to look forward to 1955-56 at the University.—S.S., E.J.

Congratulations—

• OUR SINCEREST congratulations go to Dr. Rafael Supervia of the Spanish Department, who recently received his citizenship papers. Dr. Supervia arrived in America in 1946 and began teaching at the University the same year. And ever since his first day around campus, he has been constantly gaining new friends through his cheerful "Buenos dias, Good day." As a gesture of their sincere affection for the doctor, the women of Mortar Board elected him faculty adviser for the year just ending.

But Dr. Supervia has more to recommend him than his innate cheerfulness. He, along with several other instructors, forms the hard core of a faculty group which has given University students the best possible type of education in their respective fields. We know of no student at this university who, after having taken a course under Dr. Supervia, has not expressed genuine admiration for both the man and his teaching techniques.

It is rare for a foreign professor to come to this country and take an almost immediate interest both in his students as persons and in school activities. Most of these instructors are too busy adjusting themselves to the college routine in a new country. Not so Senor Supervia. He became known and loved as a guiding light to his students within six months after taking his position on the staff. This fact, along with his abilities as an instructor and at being a "great guy" leads us to again offer our congratulations to Dr. Supervia on his latest great achievement.

Cadets Have 'Ladies' Day' For Seniors

• "THE AIR SCIENCE IV Class takes pleasure in presenting an orientation program for the senior cadets and their ladies."

With due formality the AFROTC Detachment Number 140 inaugurated a special day set aside for the ladies of the cadets who have almost reached the end of their college career. At 1 p.m. last Sunday, the ladies and their escorts gathered in Studio "A" at Lisner Auditorium. Cadet Captain Nichols introduced an hour-length film, "We Saw It Happen."

The film was then shown and proved to be a documentary on airplanes designed to be entertaining to the uninitiated. When the film was over, Cadet Captain Egan introduced the Detachment officers and their ladies to those present. A question and answer period followed in which the cadets' girls were able to obtain information about the Air Force, the ROTC program and allied subjects.

A few concluding remarks by Cadet Major Fitzwater were followed by a general adjournment to Chapin Hall for the refreshments served under the direction of Cadet Captain Heil and the Flying Sponsors.

Instituted to teach the cadets' girls something about the life their men had been and would soon be leading, the program served also as a pleasant social interlude before the examinations which are all that stand between the Air Science IV cadets and the big, wide world.

"Off we go into the wild blue yonder. . ."

Real Heale Revealed Bids Foggy Farewell

• WHIMSICAL, FANCIFUL Hester Neale, sometimes cartoonist and author (for two years) of Foggy Bottom, has at last agreed to have her identity revealed. Said Hester whimsically and fancifully in answer to our request, "American Airlines carries more passengers than any other airline."

(This, along with "Yankee, go home" and more recently, "Neki Hokey," is one of Hester's favorite sayings and she uses it indiscriminately to avoid embarrassing direct answers.)

No Parties for Hester
Judy Drew, "The Poor Man's Betty Beale" (after the Evening Star's well known society gossip columnist) has often found the task of covering the better blasteroonies around school an arduous and thankless one. "What makes it a bit difficult," says Judy, "is that no one ever asks me to fraternity parties."

We found her in her Strong Hall hangout reading Pushkin, drinking Angostura Bitters and cursing the dorm council under her breath. Judy's last appearance before Strong Hall's judiciary committee has given her a record 40-day total in "campus." "I guess I'm just not cut out for dorm life," she sighs.

Was Demerit Queen

Before coming to the University, Judy spent a year at Stanford University where she was known as the campus radical and demerit queen of her dorm. In those days Judy's wardrobe consisted of a formless brown coffee-stained corduroy raincoat and thong sandals and she sang French songs at the local pub. "It was wonderful," she says nostalgically, "they served ale in frying pans." In her more constructive moments, she worked for the Stanford humor magazine "The Chaparral" and served as liaison officer for the Free University of Berlin for the Institute of International Relations.

Judy transferred to the University in 1952 and joined Kappa Kappa Gamma sorority, which thoroughly squelched her radical tendencies. She cut her long hair and started wearing shoes. In her first year she produced her pledge class' Goat Show and the School

LITTLE MAN ON CAMPUS

by Dick Miller

Fire Fails to Rout Gals; Save Frat Pins First

• BURLINGTON, Vt. (ACP)—Thirty-four University of Vermont coeds were routed out of bed early one morning last week during a two-alarm fire at the Old Mill dormitory, the Vermont Cynic reports.

Although damage was slight, firemen had difficulty in convincing the girls there was an actual fire. Some thought it was only a drill. One sleep-

eyed lass stumbled into the bathroom, carefully washed her face and then bemoaned later: "I thought maybe we were going to have an inspection, or something."

Firemen finally had to return for the umpteenth time to make sure all girls were out. They weren't. The thirty-fourth occupant slept soundly through all the excitement, glared for a moment at a fireman who shook her soundly, then rolled over and went back to sleep. When finally aroused she staggered out of the building and into the nearest police car where she fell sound asleep again.

Many of the girls rushed into the night clad only in shortie nightgowns, and two heroic (ahem) men offered their services by putting their arms around the girls to keep them warm, the Cynic related.

Only a few of the girls tried to save their belongings. But one young miss seemed perfectly content although clad only in her pajamas. She had thoughtfully pinned her fraternity and sorority pins on the pajama tops.

Austin, Tex. (ACP)—The University of Texas' honor system revealed an honorable thief in the class of Dr. Norris G. Davis, assistant professor of journalism. In a recent quiz, one student signed his pledge like this:

"I have neither given nor received any aid on this quiz, nor have I seen anyone doing so. However, I stole the paper on which it is written."

Berkeley, Calif. (ACP)—A pink and yellow rabbit is an oddity in itself, but a pink and yellow rabbit clinging to a spire some 307 feet off the ground defied explanation, or so thought the Daily Californian.

The floppy-eared "victim" turning out to be a stuffed rabbit, was rescued after hours of work from the thin, sharp copper spike on top of the University's Campanile. The only clue offered police and college officials was an anonymous phone call from a "Phantom," who claimed he spirited the rabbit by helicopter to the spire in order to "perpetuate the spirit of Easter."

Los Angeles (ACP)—Mark Thoreson, Daily Trojan columnist on the USC campus, had a new type of shampoo recently. While seated in the campus grill, quietly sipping a coke, a coed suddenly poured a chocolate malted milk over his head, shouting, "Take that for your column!"

Pullman, Wash. (ACP)—To commemorate the 150th anniversary (See FIRE, Page 5)

ter for sundry worthwhile causes. This year she wrote lyrics for the opening and finals of the All-U Variety show.

A foreign service child, she was born in Haiti and spent her early life in South and Central America. After the war she attended schools in Paris, France, Hungary, Switzerland and Rome, Italy, and during vacations visited her family in Greece and Amman, Jordan.

After receiving her B.A. in Foreign Affairs this June, 21-year-old Judy will fly to Bolivia to spend a wintry summer in the world's highest capital city. Her original plan of driving down the Pan American highway was discouraged when she learned that long stretches of the highway are still jungle.

Foggy Bottom

by Hester Heale

THE G STREET CREW wound up the semester's pre-finals partying in a manner befitting the best old traditions of this campus. For every frat, the weekend was long, rowdy, and delightful.

The Pikes had their Dreamgirl Dance Saturday night at the Washington Canoe Club, and chose Pi Phi and well-known campus raconteuse and chanteuse Bev Borden their Dreamgirl. Bev was presented to the mad throng of some 100 along with her court... Joan Duke and Pat Delaney of KD, Ann Williams, Pi Phi, and Sarah Jane Hart, Chi O. The soiree featured cocktails at the Pike house and entertainment at the dance by a quartet from Fort Lee—Jimmy Cerda, alum, at the piano—also the playing of Bob Bloch for the Shotgun Three—Borden, Williams, and Mansfield.

The weekend actually started at a picnic at the House Friday night, and wound up with a beer, ginandjuice, and swimming party at the Virginia home of a Pike alum. Faces seen at the three-day affair: Loydell Jones, KKG, with Richie Gibbs; Betsy Silver, Pi Phi and Warren Lytle; Kevin the Bold and Connie Donahoe, Pi Phi; KKG Prexy Sandy Shoemaker, and Tiger Adams; New Pike prexy Joe Hince and Carol Picton, KKG. Many old Pikes were on hand, including Bill Dunning and Jack Daly; and two brave souls even braved the icy Potomac.

The Sigma Nu's had a spaghetti and vino dinner exchange with the Kappas Monday a week ago, the cacophony of which was heard on the top floor of C by a Kappa who was sitting miserably through Bio lab. It ended with the Sigma Nu's serenading the KKG's below sorority hall, fracturing several meetings. . . . Saturday the Sigma Nu's threw a large Beer and Crab party for about 70 people. . . . The Chick Wayne Quartet showed up for an impromptu jam session at around 11:00.

From the Delts, we hear of a minor orgy at Baines' house while his folks were away. Vodka Collinses were the order of the day. (In fact, I am told by a reliable diplomatic source that Vodka is to be the order of the summer, since it contains fewer impurities and is therefore not supposed to cause hangovers. However...) Present were Tom Smith and KKG Jeanie Barnes, the Host with Sally Herndon, KKG, Bob Nicodemus and his date, and Bill Hix and Joanne Martin.

The hot, smoking poop on the Phi Sig-Carnation Ball is here: It was held last Saturday night in the Hall of Mirrors at Versailles, in conjunction with American U. and Maryland Phi Sigs. Janet Virnelson, DG, was crowned Moonlight girl. It was established that the Maryland and Am. U. contingents created more decibels than the G. Wites. . . . The Phi Sig house this past Saturday nite had quite an international flavor, with girls present from Switzerland, England, Spain, Lichtenstein, and San Marino. Most of the merry-makers wore bermudas and came on bicycles. Great news of the evening: Ed Ferrero is finally engaged . . . to beautiful Pi Phi Louise Bigelow, of Phi Phi and Strong Hall. Tom Perott helped celebrate by bringing a large bottle of one of his own exotic concoctions. Unfortunately, Louise was not there to help quaff same . . . but perhaps she was well off. . . . ?

The Sigs also had themselves a festive weekend. Saturday night there was a cocktail dance at Mickey Croce's palatial establishment. Cavorting around the maze of rooms were new prexy Chis McAvoy and Chi O Connie Kelly, the genial host and Connie Cairns, Lou Donofrio and Bev Alexander, Dick Gaspari and Punky Humphrey. Having their own private chats were Niel Carroll and KKG

pledge Betty O'Horo, Bernie (Gold Bars) Kovach and Allice Jones, Kappa; and Vern Yates and Janet Nalls, Kappa pledge.

The Phi Alph weekend included a formal dinner dance Friday night at Normandy Farms, a wienie roast Saturday, night, and a picnic on Sunday. The new Sweetheart is Sue Bregman, who's pinned to Phi Alph Ted Fields, Ralph Semsler (boy artist and sartorial savant) won the Most Valuable Brother award, and Len Weinglass the officer's trophy. The Phi Alphs have an engagement to announce: Elliott Karver, ex-Basketball star, to Audrey Pappe, a Minnesota beauty who is a Gov't girl here.

The SPE Heart Ball, hugest event of the year for Sig Ep, drew a crazy crowd through the rain to the ultra modern DuPont Plaza on Friday night. Highlight of the affair was the crowning of Loretta Sanchez as Queen of Hearts. . . . Preceding the dance, a candlelit supper was held featuring rainbow trout flown in from Germany. . . . The SPE's own Chick Wayne Quartet provided the cool music. . . . In the thick of things, such sober notables as Wade Algee (bnm) escorting ZTA Barbara Hepfinger, Hugh Neely with SK Mary Bowman, and Gino Slatick, with Barbara Johnson, were collectively spotted. The door prize, (a door, not unnaturally) was surprisingly scooped up by Sam Andrews (ue) and Terry Wladorczak, but the long-expected initiation of Dad Wright (FBOC) into the Balloon club never materialized.

The fifth annual all-University current history quiz session was held again, as usual, at the AEPi lodge on G St. The house at 1910 reports that the session was a roaring success, with 44 hardy souls from nine different Greek houses, Strong Hallers and sundry other independents on hand. The hosts, whose 4.0 student Julie Goodman acted as moderator, figure that at the rate this thing is snowballing, beer will be served next time. That's all there's room for, chaps. It's been fun mongering your rumors and spreading your scandals. I shall arise and go now.

'Recognize Independents' Letter To The Editors Says Rudin in Last Talk

by Connie Kelly

THE 1954-55 STUDENT COUNCIL held its final meeting last Wednesday, culminating a highly successful year. The newly elected council was present for the installation ceremony and most of the business conducted was for their benefit.

Shirley Floyd read the report of the Council Reorganization Committee, composed of Miss Floyd, Jim Rudin, Ed Jaffee and Roy Barnard. The committee analyzed various features of the Council and had many valuable recommendations for next year, further evidence of the Council's constant interest in improvement.

Jim Rudin, who has been an outstanding member of the group, gave a farewell speech that should serve as an inspiration to both the old and new Councils. Jim asked, first, that the incoming members remember the people who voted for them. As Member-at-Large, he saw that out of 900 ballots, sororities and fraternities contributed about 300 votes; therefore, it was primarily the independents who put the new Council in office and they deserve proper recognition.

Second, Jim stated that in order to function well, the Council must become an integrated unit. He stressed that the members should get well acquainted with each other in order to gain great

er understanding and cooperation. If they were to remain a group of individuals, he said, rather than a closely knit group, little or nothing would be accomplished.

As his last point, Jim urged the Council to move ahead rather than remain tied down by tradition; "don't be afraid to change" was his thesis. On the other hand, he pointed out that the members should not discard worthwhile conditions at school, but should carefully analyze each innovation.

Jim's speech was a fitting "goodbye" for the Council. He

Appreciative as I am of the remarks in last week's editorial, I feel it necessary to correct a misapprehension contained therein. The Bookstore Study Committee has a membership of five. As chairman, I was materially assisted by the ideas and opinions of Carol Picton, Roy Barnard, Ted Lynch and Derrill Rholf, and would like to take this opportunity to publicly thank them for their aid.

Sincerely,

s/Dayton Coe

exemplifies the spirit that was prevalent the entire school year throughout the group. They were equally concerned with the future and the present, and have achieved many worthwhile results for University students. Their energetic successors will have to work industriously to equal their record.

On Campus with Max Shalman

(Author of "Barefoot Boy With Cheek," etc.)

LOVE IN REVERSE

They were at the campus swimming pool. She was standing on the diving board—lithe, young, vibrant. He came swimming over. "Hey," he called, climbing up on the board, "was it you who made that dive a minute ago?"

She nodded—lithe, young, vibrant.

"Whew!" he whistled. "That was some dive! A back jackknife two and a half twist full gainer swan. Where did you learn to dive like that?"

"I fell off the board," she explained.

"Oh," he said. He looked at her—lithe, young, vibrant. "Let's go steady," he said.

"But I don't know anything about you," she said.

"What's there to know?" he said. "I'm a typical American college man—young, healthy, and broke."

"That's good enough for me," she said, "for I am not interested in money. I am a girl of simple tastes—lithe, young, vibrant."

"Dad!" he whispered.

"Crazy!" she breathed.

Their lips met. Their arms twined. They fell off the board.

"If you only knew," he said later, as he applied artificial respiration, "how long I have been looking for a lithe, young, vibrant girl of simple tastes, for though my heart is large and full of love, my purse is lean and meagre. My cruel father sends me an allowance barely large enough to support life. So I have been looking high and low for a girl of simple tastes."

"Search no more," she said. "My tastes are simple; my wants are few. Just take me riding in a long, sleek, new yellow convertible, and I am content."

"Goodbye," he said and ran away as fast as his chubby little legs could carry him, for he knew this girl was not for the likes of him. He had neither convertible nor hardtop, nor the money to buy one, nor the means to get the money, short of picking up his stingy father by the ankles and shaking him till his wallet fell out. No, there was nothing for it except to forget this girl.

But lying on his pallet at the dormitory, he could not get her out of his mind and finally he knew that whatever the expense, he had to have her—lithe, young, vibrant.

So he sold a few things—his textbooks, his overcoat, his hi-Y pin, his roommate's truss—and soon he had accumulated a goodly sum. He went to a place that sold automobiles. "How much does it cost," he said, "to buy a yellow convertible automobile?"

The man told him. He collapsed in a gibbering heap.

After a while he stirred and shambled home. But on the way he passed a place with a big sign that said: RENT A CAR—DRIVE YOURSELF. Hope came into our hero's eyes. He went inside. "How much does it cost," he said, "to rent a yellow convertible automobile?"

"Ten dollars a day, plus seven cents a mile," said the man.

"Done and done," said our hero, and soon he drove away in a long, sleek, new, yellow convertible.

"Oh, goody!" said the lithe, young, vibrant girl when she saw the car. "This suits my simple tastes to a T. Come, let us speed over rolling highways and through bosky dells."

And away they went. They drove north, they drove south, they drove fast, they drove slow, they drove east, they drove west, they drove and drove and drove and, finally, tired but happy, they parked high on a windswept hill.

"Philip Morris?" he said.

"Yum, yum!" she said.

They lit up. She snuggled against him. "You know," he said, "you are like a Philip Morris—mild and fresh and relaxing."

"But there is a big difference between me and Philip Morris," said she. "They're available in king-size and regular, and I am only available in regular."

They laughed. They kissed. He screamed.

"What is it, dear man?" cried she, alarmed.

"The speedometer," he said. "I just noticed. We put on 200 miles tonight, and this car costs seven cents a mile, and I have only \$14 left."

"But that's exactly enough," she said.

"Yes," he said, "but we still have to drive home, and that will put a lot more miles on the car. Where will I get the money to pay for that?"

"Gee, I don't know," said she.

"Me neither," he said glumly. He started the motor and backed out of the parking place.

"Hey, look!" said the girl. "The speedometer doesn't move when you're backing up."

He looked. It was true. Mileage only registered when the car was moving forward—not in reverse. "Eureka!" he said. "That's it!"

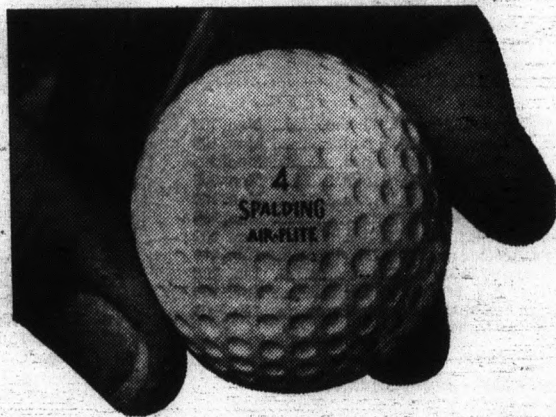

"Do you mean—" said she.

"Exactly!" said he. "I will drive home in reverse. Then no more miles will register and I'll have enough money to pay!"

"I think that's a George ideal!" she cried, and she was right. Because today our hero is in the county jail where food, clothes, and lodging are provided free of charge, and his allowance is piling up fast. By the time his sentence is ended, he should have enough to take his girl out riding again.

This column is brought to you by the makers of PHILIP MORRIS who think you would enjoy their cigarette.

This new AIR-FLITE will last longer than any other high-compression ball ever made!

No other high-compression ball can resist scuffing like the new DURA-THIN® covered AIR-FLITE®. This exclusive Spalding cover adheres to the ball with a new strength to defy cutting up . . . even on high-iron and explosion shots.

It's a more compact ball, too . . . offers you longer play and real economy.

Play your next round with this great new Spalding AIR-FLITE. You can expect AND GET new uniformity in distance and accuracy . . . better shot control . . . better golf.

SPALDING sets the pace in sports

Perennial Semester-end Doldrums Make Student Philosophize on Fall

• TIS SPRING and the school's nearly over, 'tis summer, the student's a rover; 'tis fall and he takes all his clover and pays it out for tuition again.

Yes, what a mouse race. You spend your money, and you take your finals, and most of the time you wish you's gone to business school. Then, with leaping heart and joyous feet you're off for Ocean City and forgetfulness there in the dunes.

But soon it's back to our mid-summer tropical paradise where you work and sweat for three months just to get back to the asphalt and concrete campus, the non-elevated buildings, the lovely little mental exercises, devised, as some professors have been heard to admit, by "devious and sadistic minds."

Ah, Pourquoi, pourquoi? I confess I know not, and somehow it troubles me vaguely, for I know I'll soon be an eager student again, Big Sissing it up for Fall. Proclaiming the joys of campus life to young fry who doubt that we have a campus. Can you imagine doubting that we have a campus?

Ah, let the freshwater finishing schools have their rolling lawns and their country club atmospheres, I say to myself. Here we have something else. We have

Band Awards With Banquet

• THE UNIVERSITY BAND brought its year's activities to a close on Sunday with the annual Awards Dinner at Woodhull House.

Guests included Mr. Max Farrington, assistant to the President and Band Adviser, and Professor William H. Myers, assistant director of athletics.

Highlights of the program was the presentation of awards by Mr. Farrington. The top honor, the "Bandman of the Year" trophy, went to Gene Nicholson, member of the duke combo and the dance band and trombone section leader for the full band. Certificates and first year awards, white letter sweaters, were presented to Will Cofer, Don Bogdanski, Harry Handler, Gene Nicholson, Paul Plumb and Clint Wells. Certificates and second year awards, buff stars to be added to their sweaters, went to Jerry Davidson and Doris and Al Bruffey.

A special award, a proclamation and silver cup, went to football player Len Ciemniecki as the Band's "Favorite Bus Driver" and the one the band members "would most like to be lost in Richmond with." The presentation was made by Band Director Harry Nichiporuk and received by Professor Myers for Len who was unable to be present.

President Al Bruffey acted as M. C. and reviewed the organization's accomplishments of the past—notably a marked increase in student interest and support, the appointment of a regular Director, an increased budget, increased membership, a greater number of road trips, the acquisition of office, practice and storage space, and formation of the dance band.

CIRCUS

(Continued from page 1)
corn will be sold at the Food Booth.

The "Big Top Show" will climax the supper dance program, which begins June 24 and ends on the date of the show. The program will include social, folk, and square dances.

"Last year's summer carnival was a grand success," says Dean Jarman, Director of Summer Session. Every person attending the University has been invited to attend.

Directors, actors and managers are needed to make up the manpower to set the show in motion. Those interested should see Miss Burtner in Building J or Miss Jane Rosenberger at the Student Activities Office.

people—people who ARE the school: the sweet young co-eds, the grad-students, the accounting majors, the budding young lawyers, the athletes, the "Over Forty" crowd who have perhaps a better realization of what education means than half the full-time undergraduates, the groups from Afghanistan and India, from Japan and Germany.

And I'll be off again on a propa-

ganda campaign, my bitterness gone.

And this, I guess, is the reason—the reason why the money comes out of the bank and back into tuition, why at the end of the summer not yet begun, I'll think of school, and it's no longer an exam factory, but people. And for a few short weeks, at least, I'll be saying with the rest of them, thank gosh it's fall again.—B.L.S.

Boosters Hold Final Meeting, Workshop

• THE COLONIAL BOOSTERS board and staff held their final workshop of the spring last Tuesday evening.

The board will continue to meet throughout the summer, and much committee activity is expected to take place during the vacation. A great deal of groundwork must be laid during the summer so that during the fall term the group will be working as a coordinated body for the University.

Because of the limited home football schedule. Boosters will try to lead the way for the student body to support the team as much as possible through attendance at nearby games and pep rallies for those games to be played at great distance from the University.

A special train will run to Philadelphia for the game with the University of Pennsylvania on October 15. Although costs have not yet been fully determined, the price for students is expected to be reasonable.

The group emphasized that it would be foolish for students to go individually when, for a small price differential, the whole trip can be made into a full day.

The Alma Mater will continue to be popularized by the Boosters. Also, it is hoped that this year larger Booster seating sections can be obtained, especially at basketball games. George and Martha will again be active in University life.

The Boosters emphasized the fact that they only function effectively when they have the backing of an enthusiastic student body.

JOB JOTS

Summer Nears; Listings For Full-Time Increase

• FULL TIME

• **CENTER DIRECTOR**—Work with volunteer hostesses in planning programs for young people. Background in sociology, psych or recreation. Woman only. \$3500.

• **CLINICAL PSYCHOLOGIST**—M.A. Degree. Experience preferred. Male only for rehabilitation office. GS-7 or 9.

Certificates

• **PERSONS MAY PICK UP** their certificates of recognition from the Student Council at the Student Activities Office. The corrected certificates awarded on May Day will also be at the Office.

groups to use in analyzing trade markets. \$6,500 to \$7,500.

• **NEWS WRITER**—For military installation near Richmond. 4 years of experience as writer for newspaper and for publications. Major in English or journalism. GS 7.

• **PATENT LAW TRAINEE**—Some searching, varied duties for

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1965 cars.

For example, in the recent NASCAR® stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

*National Association for Stock Car Auto Racing

Everlasting Interest in Activities Lands Job

by Mary Hoffman

• REMINISCING about her ten years at the University, Miss Virginia Kirkbride laughed, "I can probably give you the history of most of the organizations on campus. So many things have been added in the last few years."

A keen interest in people and a desire to work with them led Miss Kirkbride to her present position as Director of Women's Activities at the University.

Born in Nebraska, Miss Kirkbride did her undergraduate work at the University of Nebraska. A business education and political science major, she added teaching to her already full schedule. The experience she had with student activities through her position as a teacher increased her interest in activities shown by her membership in a sorority, a Methodist

Who's Who

• ALL STUDENTS who were elected to Who's Who in American Colleges and Universities last Fall may pick up their certificates in the Student Activities Office between 9 a.m. and 5 p.m. this week or next.

youth group, a Y-group, and Pi Lambda Theta, the honorary education sorority.

Campus Organizations

"Like everyone else I also joined many other minor organizations found on every campus," Miss Kirkbride added.

From Nebraska she went to Columbia for post-master's work. Then, in 1944 she came to the University to teach business education, but was promptly asked to take the job of Director of

Combo Board Makes Plans

• THE FIRST meeting of the 1955-56 Campus Combo Executive board was held last night at the Faculty Club.

Possible committee budget cuts and methods to co-ordinate committees were discussed. According to Carol Picton, co-chairman of the homecoming committee and Alfred Swisher, who represented the CHERRY TREE, both the homecoming budget and the CHERRY TREE budget have already been lowered as far as possible.

The policy for allotting seats to drama productions under the Combo was clarified by Ed Ferrero, co-manager of the Drama Group. Next year the Combo ticket will be good for any seat in the house.

Greeks Work

The Greek committee, an organization of sorority and fraternity members interested in furthering the Combo, showed their interest by volunteering to work for any group under the auspices of the Combo.

Members of the faculty attending the meeting were: Dr. Don C. Faith, director of men's activities; Miss Virginia Kirkbride, director of Women's Activities; and Miss Jane Rosenberger, director of Student Activities.

More Representatives

Also present were John Bull and Lucy Anstine, co-chairmen of the Combo; Bob Riggs, Chairman of the Colonial Boosters; Joe Hince, Representative of the Colonial Cruise; Carol Picton and Bernie Kovach, Co-chairmen of the Homecoming Committee; Hetty Mitchell, Manager of the Dance Production Group; Al Swisher, and Roy Barnard, president of the Student Council.

Petitions for chairman of the Combo-sponsored fashion show are being accepted this week in the Student Activities Office.

Seniors Choose New Members For 1955's Class Alumni Council

• MEMBERS of the Alumni Council of the Class of 1955 were announced today by President Stanley J. Tracy of the General Alumni Association.

John Buckingham, chairman of this year's Campus Combo, will serve as chairman of the group which will promote the interest of the General Alumni Association, Mr. Tracy said.

Other Members

Other members of the council and the schools they represent are: Columbian College, James Rudin; School of Government, Ruth Sanderson; School of Education, Barbara Bailey; Law School, Edward Ansell; School of Pharmacy, James Wood; School of Engineering, Robert van Sickler; and School of Medicine, Fred McCune.

The Council of the Class of 1955 will meet with alumni officers next month to set up general emphasis on next fall's Homecoming, support of the Alumni Association through its annual alumni fund, and a newsletter directed to the class specifically.

Cards

Graduating seniors were reminded that they would soon receive their membership cards in

the General Alumni Association, entitling them to a year's membership without charge. Graduates are also urged to become members of alumni organizations affiliated with the General Alumni Association.

Law Students Hear about Insurance Policy Plan at Reduced Group Rates

• STUDENTS ENROLLED at the University Law School are now eligible for life insurance at a low group rate.

The students now have an opportunity to obtain a \$5,000 life insurance term policy for a maximum period of eight years, dating from the first year of law school. The policy will cost \$25 per year and, in most cases, it can be secured without a medical examination.

The plan was just made effective on March 1, 1955, and it was made up originally by the American Law School Association. It is available only to members of a student organization which is affiliated with the Association. All students in the Law School at the University are members of the Student Bar Association, thereby fulfilling this requirement.

This policy is designed to provide maximum coverage at the lowest possible cost at a time

Cruise Pictures

• PICTURES TAKEN on the Colonial Cruise would be appreciated by the staff of the 1956 CHERRY TREE. Pictures may be given to Peggy Nichols.

when law students and attorneys are still operating on a limited budget.

The plan is underwritten by the Minnesota Mutual Life Insurance company. The section on Insurance Law of the American Bar Association declared the Policy excellent after close examination.

For further information it has been urged that law students consult the folders made available of the SBA for lobby display.

W. R. A. Honors Top Women Performers

• THE WOMEN'S RECREATION Association's annual Sports Award Buffet Supper was held Wednesday, May 11, in Lisner Lounge to honor those girls winning awards in sports events.

Guest speaker at the dinner was Miss Shelley Mann, holder of the world record in the 100-yard backstroke, who spoke on her recent experiences at the Pan American Games, and described a swimming tour in New Zealand. Miss Mann was introduced by Oswald S. Colclough, dean of faculties at the University, who was toast master for the evening.

Charlene McDonald, president of the Inter-Sorority Athletic Board, presented cups to the winners of the eight sorority sports competitions, including a rotating cup for the most ISAB points. The cup will be kept permanently by Sigma Kappa Sorority, which has won it for the past two years.

The WRA perpetual president's cap was awarded to Miss Bev Borden, new president of WRA, by Bette Kolonia, past president.

Honorary All-Star varsity teams were named in rifle, basketball, bowling, tennis and swimming. Individual awards were given in each of these groups.

Minor WRA letters were presented to 14 girls who had achieved 350 points for participation and skill in WRA sports events. Major letters were presented to eight girls with 800 points and stars for 1250 points or more were given to Miss Borden, Karin Floyd and June Goldstein.

Miss Elsie Greene, president of the Columbian Women, presented an award to Miss Kolonia as an outstanding leader in WRA. Miss Kolonia also received the outgoing senior's cup.

Instructors and managers of various sports reviewed their seasons and announced the tournament winners in tennis, badminton, bowling, golf and swimming.

Mrs. Nancy Hopkins Colburn received the Outstanding Senior Woman's cup for having accumulated the most WRA points in her four years at the University. The Physical Education Department

presented the "Sports Girl of the Year" award to Margaret Pierdon for outstanding skill in a variety of activities.

Past president Kolonia gave WRA service awards to Bev Borden, Joan Calvert, Jonia Emory, Karin Floyd, June Goldstein and Betsy Reed for two years service to WRA.

The winning intramural basketball team, "The Dribbling Dames" were introduced and a gold whistle was presented to Miss Loretta Stallings by the advanced basketball class.

ette Salto, Charles R. Bryant, L. Dayton Coe, Paul A. Colborn, Grant G. Hilliker.

Economics: Anneliese Gabriel, Lucille Graham, W. G. Kednig, Mrs. Eve Kimble, L. E. Steele.

Geography: Robert Boley, Alexander Gassaway, Aylward Walnut; History: Louis Dees, William Fox and Mary R. Marsteller.

The new faculty members are: Dr. Wilson Schmidt and Dr. James Coogan of the Economics Department, and Dr. Harland W. Westermann and Dr. Sherman R. Abrahamson of the Geography Department.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

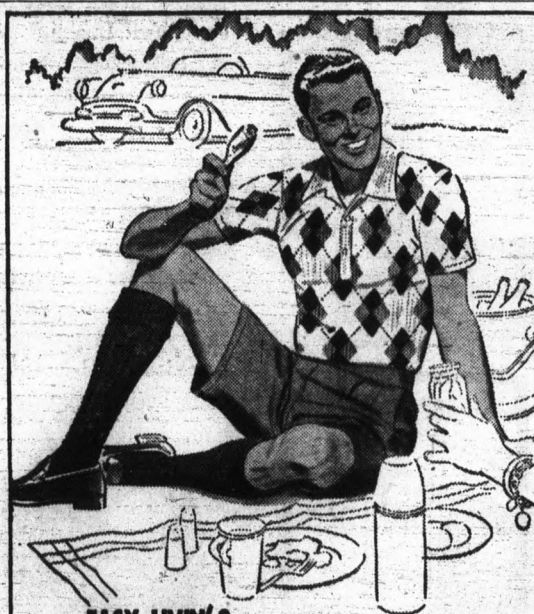

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS... plus Richer, Smoother Flavor

EASY LIVIN'?

IT'S A PICNIC IN A FINE ARROW MERE-LAN

When relaxing time rolls around, the most comfortable shirt you can own is an Arrow Mere-lan. Mere-lan is cotton at its finest, but looks and feels like cashmere. You know the minute you slip on an Arrow Mere-lan... here is the most luxurious, smoothest feeling shirt in the world.

Mere-lan is available in long or short sleeves, in muted cashmere tones, original patterns, and solid colors.

Wear your Mere-lan with a pair of Arrow walking shorts, and you own the perfect combo for the casual life.

Your campus dealer has Arrow Mere-lan now; priced from \$3.50. Arrow slacks, from \$5.00.

would have to be Johnny Dodge and Lorenz Schrenk. These are but a few of the great athletes who have participated in intercollegiate athletics for the University since 1952. There were many more.

The outstanding fan award goes hands down to Frankie Blair, "The Barber Laureate" of Pennsylvania Avenue. Frankie, an ex-boxer, has been a constant booster of Colonial sports for many years.

As we leave the University, the random thoughts of three wonderful years keep coming into focus. . . . The Colonial basketball team's perfect record at Georgetown's McDonough Gym. . . . The 1954 grid trip to Penn. . . . Our victory trek north. . . . Coach Bill Reinhart's smile in countless hotel lobbies. . . . The string of sports publicity men starting with Sam Portwine, and working through with George Wilbur Neuman, Frank Continnetti, and the incumbent Carroll Hall. . . . Morrie Siegel's slanted TV sports program. . . . slanted toward Maryland, that is. . . . Merrill Whitesley's anti-University sports writing. . . . Shirley Povich's love of VPI. . . . The great record of the 1952 Colonial grid team. . . . Six wins, two losses, and a tie. . . . The return of the one-platoon system in football. . . . the crazy foul throw rules in basketball. . . . The rapid development of Courtman George Klein. . . . Rod Hundley's cocky attitude during the Southern Conference championship basketball game. . . . The anxious wait for the weekly basketball ratings. . . . The two ill-fated seasons of track at the University. . . . The various Sports Editors that we have worked for. . . . Flamboyant John Stockton filled with jokes and jibes. . . . Bob Alden and his lengthy columns. . . . quiet, hard-working Bill Hix. . . . These are but a few of the things we remember of our three years. . . . To our successors we wish them but one thing: As much fun as we have had.

Girls' Tennis Squad Drops A.U.

● **LAST THURSDAY** the University Women's Tennis Team defeated American University, 3-1, on the Haines Point tennis courts to close a successful season with only one loss.

Playing without the service of their top players, Lydia Eccles and Janet Nalls, the Colonial women won handily over American U. In the number one bracket of singles, Betsy Boos, American, defeated Nancy Bealle, 9-7, 6-2. In the number one doubles match G. W.'s Pat Wideman and Anne Bageant

defeated Jean Zitmore and Janice Green, 1-6, 6-3, 6-2. Colonials Margaret Pierdon and Karin Floyd defeated Pat Fox and Claudia Christopherson, 6-1, 7-5, in the number two doubles match. The doubles team of Pat Wideman and Anne Bageant remained undefeated during the inter-school matches.

All the members of this year's team will be back next season with the exception of Lydia Eccles who is graduating, and Pat Wideman, who expects to be studying abroad.

Independent Jim Lin warms up for his final match in the intramural badminton playoffs Monday night. Lin has climbed to the finals, where he will compete with Del Sandy Schlemmer, Phi Sig Bob Dolson and Sigma Chi Ray Looney.

Women Marksmen

● **THE WOMEN'S RIFLE** Club closed its 1955 season with a picnic last week at the home of Mary Lou Bernard, club secretary. Comprising 21 women, most of them novice marksmen, the club has had a full and varied season of shooting.

Placing third in the National Rifle Association Intercollegiate Postal Match, the women's team also participated in two other NRA matches and ten postal matches with other college teams. Shoulder-to-shoulder matches were fired with Drexel Institute, and with the alumnae women's team.

This year also saw the awarding of NRA Senior Expert medals

to two team members. Helen Skopie and Nan Cisney are the first women in the club's history to win the award while still undergraduates.

Next year will be even more active for the lady marksmen. Matches are planned with the Women Marines' team from Quantico and with the Engineer Center Small Bore team from Fort Belvoir. Officers for next year, elected at the club's final business meeting will be: Verdell Algee, president; Melissa Pemberton, vice-president; Mary Lou Bernard, secretary-treasurer; Nan Cisney, team captain and Helen Skopie, team manager.

YOU'RE INVITED TO A "GOING HOME" PARTY

TIME: Right after final exams.

PLACE: Roomy air-conditioned train coaches... with lots of space to room and visit.

REASON: Traveling home for summer vacation.

GUESTS: All your friends... be they "stag" or "drag."

RSVP: (See your local railroad ticket agent about early reservations.)

Start your summer vacation with a "last get together" trip back home on the train... no waiting for weather to clear. And there's room for heaps 'n' heaps of baggage.

Costs less, too... you and two more travel-round-trip coach fares on most trips of 100 miles or more by using **GROUP ECONOMY FARES**. Or, gather 25 or more heading home at the same time in same direction and you each save 28%, even if you return separately.

*except for local travel between New York, Washington and points east of Lancaster, Pa.

EASTERN RAILROADS

Word's sure getting around campus:

WINSTON tastes good—
like a cigarette should!

IT'S GOT
REAL FLAVOR!

AND
DRAWS SO
EASY!

WINSTON brings flavor back to filter smoking!

College smokers are welcoming Winston like a long-lost friend! They found flavor in a filter cigarette—full, rich, tobacco flavor—when Winston came along!

Along with finer flavor, Winston also brings you a finer filter. The exclusive Winston filter works so effectively, yet lets the flavor come right through to you.

Smoke **WINSTON** the easy-drawing filter cigarette!

Low-Rated Indians Drop Buff From Conference Baseball Race

by Dick Sincoff

• A COLONIAL team that had come through many times in the clutch failed to do so a week ago and found itself floundering, out of the Southern Conference baseball sweepstakes.

William and Mary's non-contending Indians whipped across three runs in the last of the ninth inning against relief pitcher Steve Bauk to dash the Buff, 6 to 5, at Williamsburg. G. W.'s defeat left little hope for the league championship; however, should West Virginia, The Citadel, or Davidson be knocked off too often, the Colonials may have a long chance. Last Saturday's contest against Washington and Lee, postponed because of rain, may still be played if it is found that the game might put G. W. in the play-offs.

Still Contenders

The Colonials were still in contention for the title before Tuesday's game following Virginia Military's 9-3 upset win over defending champion Virginia Tech.

Dream Girl

• BEV BORDEN, Phi Beta-Phi, was chosen as Phi Kappa Alpha's "Dream Girl" at their Spring Formal Saturday night at the Washington Canoe Club. Sara Jane Hart of Chi Omega, Pat Dulaney and Joan Duke of Kappa Delta and Ann Williams of Phi Phi made up the court.

Pledge of the Year was Steve Judge. George Latimer got the Outstanding Activities award and John Daley was Outstanding Active.

Officers for next year are Joe Hince, president; Rose Niosl, vice president; Bill Brown, treasurer; and Jim Lay, historian.

W. and M., an on-and-off club all year, was right on the line, however, and apparently have strangled the Colonials' aspirations.

After George Washington opened the game with a run in the first, William and Mary snapped back to own a 3-1 lead going into the seventh stanza. But the visiting Buff sped four runs across the plate in their half of the inning to take what looked like a comfortable 5-3 advantage.

Then came the ninth. Bauk, who had come on in the sixth when starter Roger Turner began losing his effectiveness, was just about home with another Conference victory. Then the roof collapsed. An Indian reached first on a George Washington error to start it off. Bauk, in an excess of compassion for the William and Mary cause, served up a few wide pitches. A few ran into twelve, and Bauk had walked three straight men and had forced in one run.

The usually stable Steve started to bear down and got two outs. With men on second and third, Ed Jones, the Indians' catcher, boomed a line single for two runs and the ball game.

Tough Blow

It was a tough blow to take, this most recent loss. After an early season setback string of four in a row, the Colonials had bounced back with seven straight triumphs

and were tied for the league lead. A disastrous road trip saw the Buff drop two close ones, and the title seemed just too far to reach. Now only some unexpected upsets can salvage a title for Coach Bill Reinhart's club. To compile a list of heroes would be too lengthy. But solid hitting, a converted outfielder, a first-year pitcher with a veteran twirler, a young outfield, an experienced infield, and some topnotch performances when the chips are down have given G. W. a good college try.

George Washington will play Maryland here this afternoon and will complete the regularly scheduled season against William and Mary on Friday at the Ellipse. The Colonials are now 6-3 in Conference competition and 9-6 overall.

Line Score:

G. W. 100 000 400-5 9 2
W. & M. 110 100 003-6 10 7

Colonial Linksmen Finish Best Season

by Fred Cassidy

• THE CURRENT George Washington golf team achieved its best record in four years, breaking even in ten intercollegiate matches. The golfers also played well in the Southern Conference Tourney at Danville, Virginia, finishing fourth.

Prospects for an even better season next year are encouraging; all but two of Coach Diffenbaugh's top nine golfers are returning. The only seniors on this year's squad were Buddy Watwood and Jack Vaile.

All-U Trophy

• AFTER a tight four-way race all year, Phi Alpha was announced as winner of the all-University Intramural Athletic trophy after final points were counted last night.

Washington and Lee won the team title at the Conference Tourney, played May 6 and 7. Jimmy Clark posted the lowest total among the Colonial entrants and took third place in the individual championship finals.

The Buff and Blue golfers won three of six at home and two of four on the road, proving that two halves added together still total only fifty per cent. The Linksmen defeated VMI, Washington and Lee and Virginia over the Chevy Chase course and topped Maryland at College Park and Western Maryland at Westminster.

FINAL RESULTS

G.W.	OPP.
3	Dartmouth
2	Colgate
6 1/2	VMI
2	William and Mary
5	Washington and Lee
7 1/2	Maryland
4	W. Virginia
1	Georgetown
7	Virginia
5 1/2	Maryland

Softball Competition ended this week end with the Medical School upsetting Phi Alpha, 6-2, for the championship.

The final game climaxed the playoffs which saw Phi Alpha win three straight before losing. In the League B playoffs, Phi Alpha beat Phi Sigma Kappa, 6-2, behind the speedballing of Roger Spitzer. Then with Phil Eisenberg pitching a two-hitter, Phi Alpha won from AEPI on three unearned runs in the first inning, 3-0. The men from H Street then toppled the League A champions, Sigma Chi, with a last inning rally, 3-2.

5-Hit Pitching

Med School, which had drawn a bye, then turned back the weary Phi Alphans, behind the five-hit pitching of Bud Way.

In earlier games, TKE defeated Sigma Nu, 6-1, and then won from the Deltas, 11-8. In a playoff of a protested game, Sigma Chi smashed TEP, 25-3, climaxed in the last inning by consecutive

Cherry Trees

• A BOOTH for picking up copies of the CHERRY TREE will be open in the Student Union Lobby Monday through Wednesday, May 16 to 18 from 8:30 a.m. to 7 p.m. Please pick up books immediately.

home runs by Sigs George Dancu, Dick Claypool, and Richie Gaskell.

Badminton

Badminton closed last night. The four finalists were Independent Jim Lin, Phi Sig Bob Dolson, Delt Sandy Schlemer and Sig Ray Looney. The results of the tourney are not official yet.

Wednesday evening winds up the intramural season with a banquet honoring the Intramural Council delegates. Trophies for the winning teams, individuals, and the intramural cup will be presented. The Intramural Department, headed by Professor Vincent DeAngelie, is giving the dinner in appreciation for the fine assistance given by the IMC delegates.

Rudin's Ramblings

by Jim Rudin

• THERE ARE MANY thoughts that run through our mind as we write the final column of the RAMBLINGS. What was our greatest thrill in sports during the last three years?

The answer is not hard to discover. There were a pair of great sports moments since 1952. There was the titanic football game with the National Champions, Maryland, in 1953 at Griffith Stadium. We stated then and declare now that the Colonial football team that gray snow-filled November day played the finest sort of football. As we all remember, the Buff were leading the proud Terps by a 7-6 count at halftime. True, the Colonials lost the game, but their performance that afternoon was the highpoint of our three years here at the University.

The Buff basketball triumph over Duquesne last December must rank on a par with the Maryland grid clash. Playing in Pittsburgh before a partisan crowd, the Colonials beat the Dukes by seven points. The intense feeling that was prevalent in that tilt plus the crowd's hostility all added to the sweetness of the win.

And who were the outstanding performers? If we limit ourselves to three men per sport we find Steve Korcheck, Richie Gaskell, and Dutch Danz the football leaders. In basketball we need look no further than Elliot Karver, Joe Holup, and Corley Devlin. In baseball it's Korcheck again, along with Bob Frederick and Paul Stroup. There is but one name in the Colonial track annals, Len Cimeniecki. And in sailing it
